WEDNESDAY, NOVEMBER 7, 1866.

THE ELECTIONS which were held yesterday in Illinois, Kansas, Massachusetts, Michigan, Minnesota, Nevada, New Jersey, New York, Wisconsin, Delaware, Louisiana, Maryland and Missouri appear to have passed off quietly. Our returns are very incomplete, and upon them we can safely base no calculation. The contest in New York has been very close, but Fenton has been elected Governor by a small majority. Michigan has gone heavily Republican. Wisconsin has also done nobly. New Jersey has gone Republican by large gains. In Massachusetts the majority will be very handsome. Two negroes have been elected to its Legislature. Morrissey, the buffer, has been elected to Congress in New York. Maryland has gone Conservative, thus perhaps securing the election of Governor Swann as United States Senator.

In to-morrow's issue we will probably be able to give the result in each of the States in which elections were yesterday held. In our telegraphic columns will be found the returns received up till three o'clock this morning.

THANKSGIVING DAY.—Elsewhere we publish the chaste and humbly toned proclamation of His Excellency, Governor A. G. CURTIN, calling upon the Christians of the Commonwealth to observe Thursday, the 29th inst., as a day of thanksgiving and prayer. The year drawing to a close has been a most prosperous and happy one. Our granaries are teeming with the fruits of the bountiful harvests which Providence has vouchsafed us. We have been blessed with peace and good-will to all mankind. We have been spared an epedemic visitation from the Asiatic plague which has left its tearful marks even upon neighboring communities. We have, indeed, manifold reasons to be heartily thankful to the Omnipotent for the many blessings bestowed upon us as individuals and as a people, and next Thanksgiving day should be observed in a manner in keeping with the deep debt of gratitude we owe the Giver of all things. The day selected by Governor CURTIN is the same as that appointed by President JOHNSON.

CINCINNATI claims a population of 211,057 on the strength of having polled 29,549 votes at the late election. In the two cities and eight boroughs, composing what is known commercially as Pittsburgh, about that number of votes were polled two years ago. This year there were, in these ten municipalities, on the lists of taxables, 4,277 more than ever before, and yet the whole number of votes polled was only 19,805. If the full vote had been brought out this year, our population, on the same basis, would have been fairly computable at 328,497. This we suppose to be as fair a computation for our sister down the Ohio.

AT THE last session of the Legislature a bill was passed in reference to booms on the Susquehanna river. The fate of it has not yet been determined. The Governor has appointed two engineers to examine and report in reference to the matter, and will, doubtless, be determined by the facts developed.

THERE is a strong probability that the President was anxious affairs in Baltimore should take such a turn as to give him an opportunity to employ military force against the loyalists; and that if this was acquiesced in by the masses of the Northern people, his next attempt would be against Congress.

THE Philadelphia *Ledger* is a much smaller newspaper than the GAZETTE. Yet its receipts for advertising during the last quarter were fifty per cent. larger than the receipts, for the corresponding period, of all five of the Pittsburgh dailies.

A DELEGATION of JOHNSON men are reported to be at Washington urging further changes in Federal officials in this county—and, particularly, the removal of Mr. CARNAHAN from the office of District Attorney.

MAJOR D. L. EATON, formerly one of the editors of the GAZETTE, was mustered out of his office of Paymaster of Volunteers, two or three days ago, because there was no longer need for his services.

MAXIMILLIAN has abdicated. The Mexican Empire passes from the scene. What next? One revolution less or more is of no consequence in that country.

GENERAL NEWS.

—Mrs. Keenan, of Lowell, Massachusetts, was divorced from Keenan at 10 Saturday morning, and married to Jones at 4 Saturday afternoon. She was a keen'un.

—The Knoxville *Commercial* of the 16th says: "There is in Knoxville, at this time, vagrants enough, both black and white, to build a splendid turnpike road in every direction for at least fifteen miles to and from our city."

—The hog cholera is very prevalent in the vicinity of Richmond, Ky. One man, who had 105 fine hogs, lost twenty-five within three days, and other owners have also suffered severely. At last accounts the disease was on the increase.

—The oldest woman in America is Mrs. Forch, who lives in the mountains of East Tennessee, and is aged one hundred and twenty-one years. She is blind, but being quite hearty, walks without assistance. Her memory is unimpaired, and she can recount many of the events of the Revolution with great accuracy.

—Beside Governor Morton, of Indiana, Judge Jas. Hughes, former Democratic member of Congress, but during the last five years a member of the Union Party, and Hon. George N. Julian, are candidates for the United States Senatorship. The contest is said to be between the Radical and Conservative wings of the party.

—A young lad named Johnson was burned to death at Oneida, on Friday last, in a barn. Johnson and his brother had started a fire on the barn floor with some matches and shavings, which spread so rapidly that they became alarmed and one of them hid himself in the hay. His remains were found in the embers after the barn was burned down.

—A boy, sixteen years of age, residing near Marianna, Fla., this season has cultivated fifteen acres in corn and five acres in cotton; has housed two hundred and seventy-two bushels of corn and picked for the gin two and a half bales of cotton. With the usual appliance the crop was made by himself. With corn at $1 50 and cotton at 25 cents, rather below than above the market price, his crop would yield $717 50.

FROM TEXAS.

Special Message from Governor Throckmorton.

GALVESTON, TEXAS, November 6.—Governor Throckmorton, in a special message to the Legislature on the condition of the country and the federal authorities, says that the true sentiment of our people is misunderstood by our Northern brethern. He denies with indignation the assertion that politicians that there are still rebellious; that we do not desire a restoration of the Union; that Union men are in danger of assassination; that without military protection they could not remain safely; that thousands were leaving. He asks Legislature to pass resolutions to that effect, and to solemnly pledge the State authorities to protect the rights of the party without any regard to political sentiment. He suggests that negro testimony be admitted in all cases and recommends that taxes collected from negroes be applied for their education, as alluded to in the President's telegram. He says he hopes the Legislature will make all laws involving civil rights as complete as possible, so as to extend equal and exact justice to all persons without regard to color.

THE ELECTIONS YESTERDAY.

Returns from New York, Massachusetts, Missouri, Maryland, Wisconsin, New Jersey, Illinois, Kansas and Michigan.

NEW YORK.

NEW YORK, November 6.—The returns from all the Wards in the city are complete enough to show that Hoffman's majority is fully 48,000. City of Utica, Kellogg for Congress, 300 majority; Rome, Kellogg, 365, Camden, Conkling, 300; Kirkland, Conkling, 100; New Hartford, Conkling, 321; Marcy, Kellogg, 9; Sangerfield, Kellogg, 68; Marshall, Kellogg, 160. Conkling's majority is about 1,500.

The Republican gains in the State are very large. It is thought Fenton's majority will be about 5,000. Seeley, in the 28th (Rochester) district, is elected over Hart by 1,400 majority; both Republicans. Chanler, Dem., is elected by 4,256 over Steinbrenner, in the 7th district. Wood, Dem., elected in the 9th district by 1,425 over Darling. Conkling's majority in the 21st district will be 1,500.

NEW YORK, November 6.—The official count of the city foots up for Fenton, 32,254; for Hoffman, 79,650, one small district not yet in. Hoffman's majority in the city is 46,656—Official. Whole number polled, 113,126.

NEW YORK, Nov. 6.—Morrissey's majority in the Fifth district is 2,466. Fox's majority over Greeley is about 3,500 in the Fourth district; Brook's majority in the Eighth District is over 6,000 over Cannon and Elizabeth Cady Stanton. The latter received eight votes. Dennis Barnes in the Second District is elected by a heavy maj rity. Hunter, Dem. is elected for the short term, W. E. Robinson, Dem., for the long term.

The election in Syracuse gives Fenton 300 maj. Oswego gives Fenton 70 maj. Oswego county gives Fenton at least 3,000 maj. Buffalo—The majority against Fenton will be about 1,600; Hoffman carries the city by about 900. Rochester gives Fenton 333 maj.

BUFFALO, November 6.—Indications are that Humphrey, Democrat, is re-elected to Congress in the 31st district, defeating Mr. Clapp by about one thousand majority. Buffalo gives him about eight hundred majority. Hoffman's majority is about the same.

NEW YORK, Nov. 6.—Returns from Kings county indicate 8,000 majority for Hoffman. Returns from the interior come in slowly and scattering, but indicate a small Republican gain.

NEW YORK, Nov. 6.—*Midnight.*—The returns from all the wards in the city are received. The total number of votes polled in the city total poll for Fenton, 33,234; total poll for Hoffman, 79,892. Hoffman's majority in the city is 46,658. Thaddeus Davis, in the 13th District, is elected to Congress by 4,756 over Steinbrinner. Fernando Wood (Dem.) is elected to Congress in the 9th District by 143 majority. Stewart's majority in the 5th Congressional District is 2,756.

Robertson (Rep.) is elected to Congress in the 10th New York District by 1,600 majority.

NEW YORK, Nov. 8.—Albany city gives Hoffman 525 majority; the county, 1,000 majority. L. Lawrence county gives Fenton 1,500 majority. Fulton county 800; Chemung, 800; Monroe about 1,800; Oswego about 1,200; Cattaraugus 2,000; Onondaga, 3,000; Cayuga, 1,400; Ontario Cortland 1,812. All Republican majorities.

NEW YORK, November 6.—Saratoga county about 2,000; Dutchess, 1,400; Rensselaer, 1,200; Montgomery, 1,000; Schenectady, 800; Schuyler, 5,000; Steuben, 2,200; Niagara, 750; Franklin, 800. Cornell is elected in the Twelfth Congressional District. Kings county will fall short of 8,000.

LATEST.

NEW YORK, November 7—3 A. M.—King's 8,858, Pomeroy, Republican, in the 24th district is elected to Congress by 1,000 majority. Hoffman, by the latest, showing the heavy Democratic majorities in the city, and King's are more than overbalanced by the heavy majorities in the interior.

The three Congressmen gained by the Democrats here, are offset by three Republicans. In the river counties the Democrats gain some votes. General Hopkins is elected City Register.

Fentons majority is put down at not far from 5,000.

MASSACHUSETTS.

BOSTON, (MASS.) Nov. 6.—At noon, in Boston, scattering returns foot up, for Governor, Bullock, 14,862; Swertzer, Dem. 437. For the Third Congressional district, Twitchel has 1037 against 300 for Aspinwall and Gouey; for the Fourth district, Hooper leads Nightman nearly 1000 votes. A very heavy vote is being polled.

BOSTON, November 6.—A large vote was thrown to-day in the election of State officers, members of Congress and Legislature. The Republicans, as usual, have had to fight all their own way and give increased majorities over last year, when Governor Bullock received 75,000 votes against less than 52,000 opposition. Returns are received from 159 towns, which give Bullock 37,000 majority, and at this rate his majority in the State will be from 65,000 to 70,000. These 159 towns elect 149 Republicans, 9 Democrats and 4 Independents to the Legislature. The Senate is Republican entire. The vote of Boston foots up 8,000 for Bullock; 5,000 for Sweetzer. The Republicans elect all the Congressional delegation of eleven members to Congress by majorities ranging from 2,000 to 6,000.

A large vote was polled in Massachusetts. All the Republican Congressmen are elected.

MARYLAND.

BALTIMORE, Nov. 6.—Phelps (Conservative) is re-elected in the 3d District by 973 majority over J. J. Stewart, (Republican.) The Conservatives have carried all the Legislative and Senatorial districts of Baltimore, but will give them a majority in the Legislature. Mr. Thomas, it is believed, is defeated. The 7th Ward gives Archer (Democrat) 187 majority.

BALTIMORE, Nov. 7.—Without hearing from other portions of the State, the result of the election to this city indicates that the Democrats and Conservatives united will have, in the Legislature, a majority in the House of the Republicans, and in the House, fifty-three Representatives to twenty-five Republicans, a clear majority on joint ballot of thirty-six.

BALTIMORE, Nov. 6.—Returns from Western counties comprising the Fourth Congressional District indicate the re-election of Frank Thomas by fully 2,000 majority.

To-night, whilst there were large crowds of both parties gathered in the vicinity of the newspaper offices to hear the returns, there was considerable rioting. Pistols were used, and one man named August Talbot, formerly a member of the City Council, and belonging to the Radical party, was shot, and, it is thought, fatally wounded.

NEW JERSEY.

Twenty towns and counties in New Jersey give the Republicans a majority of 4,381, a slight gain.

Hulsizer, Republican, is elected in New Jersey with an increased majority.

The majorities in twenty-nine towns and counties in New Jersey, show a Republican majority of 5,000, a small gain.

NEWARK, N. J., Nov 6.—In the First Congressional district Moore, Republican, is elected. The Second district is in doubt. In the Third district Stiger, Democrat, is elected by a reduced majority. The Fourth district is in doubt. In the Fifth district Halsey, Republican, has about 800 majority. The Senate will stand eight Democrats to seven Republicans. The Assembly will be Republican by a small majority.

MISSOURI.

ST. LOUIS, November 6.—General Pile was elected over Hogan, of the first district, by about 500 majority. The Radical county ticket was elected by about 2,500 majority. The Conservatives elected two of six State senators, and three of thirteen representatives, including Frank Blair, who beat Blanscomb, about 150. The returns from the interior are very meagre, but so far gives a Radical majority. Kansas City gives 300 Radical majority. Jefferson City gives 150 majority. Franklin county gives 500 majority. Judge Newcomb was elected in the Second district by an overwhelming majority.

ST. LOUIS, November 6.—Dispatches from St. Joseph say General Loan will surely be elected to Congress.

WISCONSIN.

MILWAUKEE, 10 P. M., Nov. 6.—First Congressional district, Paine, 3,000 majority. Ward, Brown, Dem.; Second, Hopkins; Third, Cobb; Fifth, Sawyer; and Sixth, Washburne. All the Republicans are elected by an aggregate majority of at least 13,000. In the 5th district Eldridge, Dem., is re-elected by about 3,000 majority. Both houses of the Legislature are largely Republican by an increased majority. The Republican gains are very heavy all over the State.

KANSAS.

TOPEKA, KANSAS, November 6.—The Republican ticket in this county, was elected by a handsome majority. The Territorial district gives Crawford, for Governor, 500 majority. Clark for Congress about the same.

ILLINOIS.

CHICAGO, Nov. 6, 9:40 P. M.—Nine wards in the city give Logan 4,500 majority. The indications are that the Republicans have carried Cook county by 8,000.

MICHIGAN.

DETROIT, MICH., November 6.—The Republican majority in Michigan will exceed twenty-five thousand. The Republicans elect all their Congressmen.

Miners with Treasure Arrived.

ST. LOUIS, November 6.—Forty miners arrived at St. Joseph with $200,000 in treasure. Other parties are coming down the river with nearly a million and a half dollars in dust.

Proclamation by Gov Curtin.

In the name and by the authority of the Commonwealth of Pennsylvania, Andrew G. Curtin, Governor of the said Commonwealth of Pennsylvania.

A PROCLAMATION.

WHEREAS, It hath been the good and worthy custom of the Commonwealth to set apart, annually, a day for the special acknowledgement of the goodness of the Almighty, and for expressing, by the whole people, at one time, and with a common voice, the thanks and praise which throughout the year are springing from the hearts of men; therefore,

I, Andrew G. Curtin, Governor of the Commonwealth of Pennsylvania, do, by this my proclamation, recommend that the good people of the Commonwealth observe Thursday, the 29th day of November next, as a day of Thanksgiving and Prayer, and do then assemble in their respective churches and places of worship, and make their humble thanksoffering to Almighty God for His blessings during the past year.

For the abundant gathered fruits of the earth.

For the thus far continued activity of Industry.

For the general preservation of health.

And especially for that in His divine mercy, He hath stayed the threatened pestilence.

And, moreover, that they do beseech Him to continue unto us all His blessings, and to confirm the hearts of the people of these United States, that by the lawful force of their will, Deeds of good Justice, Wisdom and Mercy may be done.

Given under my hand and the Great Seal of the State, at Harrisburgh, this twenty-ninth day of October, in the year of our Lord one thousand eight hundred and sixty-six, and of the Commonwealth the ninety-first.

(By the Governor,) ELI SLIFER, Secretary of the Commonwealth.

Meeting of the Manchester Council.

The regular monthly meeting of the Manchester Council, was held last evening in the borough school house, corner of Chartier and Chestnut street.

Present Messrs. Kirke, Meaner, Motheral, Patterson and Burgess, Samuel McCune, Messrs. Phelps and Harper being absent.

The minutes of the regular meeting October 2d, and the special meeting of October 16th, were read and on motion adopted.

Mr. Kirke, from the Gas and Sanitary Committee, reported progress.

Mr. Patterson, from the Committee on Finance, reported on the bill of McNaughter & Co. as having seen the Street Commissioner of the borough City with regard to the payment of labor in repairing streets. In the report it was stated that the authorities of the city named had been getting their streets repaired considerable cheaper than has those of Manchester.

Messrs. Means and Motheral moved the acceptance of the report and the continuation of the committee, and they be requested to consult with Messrs. McIntyre, McNaughter & Co., with a view to having the said bill curtailed in price for the said work, as they believed it would be able to be effected, and that the Burgess be authorized to draw a warrant for the amount agreed upon.

Street Commissioner Stewart reported as having visited delinquent property on the Smithfield street with regard to the grading of the sidewalks, and also having settled with Mr. Murdock, the contractor for the grading of the said street.

Mr. Kirk, from the Street Committee, reported progress on the grading of some thirteen streets in the borough which are now being graded.

The bills of C. A. Hotchkiss, amounting to $93.81 for digging and building wall and wood work on a culvert in Taggert street and paving a gutter on Franklin street, and the Street Commissioner Stewart's roll for the months of September and October, for work done on streets amounting to $60.37 were read and the Burgess authorized to draw his warrant for the amount.

Mr. Patterson moved that a warrant be drawn for the amount of $5,900, to lift a note in the Manchester Savings Bank, which had been deposited there for bounty purposes.

The Burgess presented the decree of the Court of Quarter Sessions on the report of the viewers on the opening of Franklin street, confirming their action as appealed from by Mr. Thomas Harper.

Mr. Motheral moved that the decree of Court be read be received and filed. Carried.

Mr. Patterson moved that the Street Commissioner be authorized to notify the property holders abutting on the several streets enumerated, with a view to the opening of Franklin street, to pay the amount for which they were assessed, in thirty days from date of said notification.

On motion adjourned.

District Court.

This Court met at the usual hour, nine o'clock, yesterday morning, Judge Williams on the bench.

The only case tried was that of N. Voeghtly et. al. vs. Wm. J. Kountz. This was an action of ejectment for a tract of land situate in Reserve township, containing about half an acre, and valued at five hundred dollars. The jury found for the plaintiff. D. Ritchie, Esq., for plaintiff, and D. W. & A. S. Reed for defendant.

The Court adjourned to meet this morning at nine o'clock, when important business will be transacted.

Committed for a Hearing.—Walter Conners, charged with stealing two overcoats from a boarding house in the Fifth ward, was before Mayor McCarthy yesterday for a hearing. After a slight investigation into the affair he was committed to jail for a further hearing on Saturday next.

Patents Issued.

The following are among the patents issued from the Patent Office during the week ending October 30, 1866:

James S. and Thomas B. Atterbury, of Pittsburgh, Pa., for improved process of making ring jars. Ante-dated August 30, 1866.

Edward Billings, of Pittsburgh, Pa., for stereotype drum.

W. W. Ewing, of Mahoning, Pa., for improvement in saw-mills.

Isaac Gregg, of Philadelphia, Pa., for improved brick machine.

Henry Hank, of Myerstown Pa., for improvement in grain gauges.

Christian Heilman, of Brownsville, Pa., for machine for wrinkling the insteps of boots and shoes.

T. G. Springer, of Connersville, Pa., for improvement in wagon bridles.

Railroad Accident.

A distressing accident occurred yesterday afternoon, in the Fourth ward, Allegheny, near the end of the Pittsburgh, Fort Wayne and Chicago Railroad bridge, which may result fatally to the party injured. Charles Crist, a resident of the borough of Manchester. Crist was employed as fireman on the road named above, and while the engine on which he was employed was nearing the bridge, he was engaged in oiling some parts of the boiler to oil the machinery, when he missed his footing, and ere he could stay himself, he fell on to the track and beneath the wheels of the engine, which passed over his left arm crushing it so horribly that it was found necessary to amputate it at the shoulder. He was taken to his home on Locust street, Manchester, where he lies at present, in a very precarious condition.

Merited Success.

E. S. Aborn, M. D., the talented and skilful surgeon and physician who is temporarily sojourning at the Merchants' hotel, is meeting with all the success which his ability and well known qualifications are deserving. He makes a specialty of diseases of the throat, throat and organs of the chest, and from our own actual observation he has been most successful in the treatment of the thousands of patients who weekly place themselves under his charge. Dr. Aborn is a practiced surgeon and physician who stands in the first rank of the medical profession and is in every respect worthy the confidence of the community. Owing to several final cases of patients, many of whom come from great distances, the Doctor has been forced to establish hours for business which we publish elsewhere.

Another Wonderful cure by Dr. Aborn.

TO WHOM IT MAY CONCERN:—I hereby certify that I have been suffering for a long time past with a chronic disease of the organs of the chest, and a constant acute pain in my back, so seriously was I afflicted that I was at times compelled to relinquish my business, but, thanks to Dr. Aborn, I am now entirely relieved of the disease, and have been so restored to the road of health that I now feel like another person. I would adjure all who are afflicted to call upon Dr. Aborn, at the Merchants' Hotel, as they will find him a talented and skilful surgeon, and a gentleman every way worthy of confidence.

(Signed,) M. J. LANDORFF, No. 18 Sampson st., Allegheny City.

A Spiteful Woman Caged.—Catherine Connor was before Mayor McCarthy, yesterday, charged with malicious mischief, on oath of Mrs. Margaret McKenna. The defendant while under the influence of strong potations, proceeded to the house of the prosecutrix, in the Fifth ward, and not being able to "digest the question of her hate by breaking the windows of Mrs. McKenna, for which amusement she was forced to go to jail to await trial in default of $200 bail.

Knocked Down.—James Miller appeared before Alderman John A. Strain, of the Fouth ward, yesterday, and made oath against Martin Scanlon for assault and b tery. The offence consisted in Scanlon knocking the prosecutor down and otherwise maltreating him. The parties reside in the Eighth ward, where the brawl occurred. Martin was forced to place security in the hands of the magistrate for the appearance at the next term of the Criminal Court.

E. S. Aborn, M. D., Oculist and Aural Surgeon, and Physician for Diseases of the Throat and the Organs of the Chest, formerly Surgeon to the Eye and Ear Infirmary of San Francisco, California, late surgeon and physician in chief of the Nashville Medical and Surgical Institute. Consulting and operating rooms 96 and 97 Merchants Hotel. Office hours from 9 A. M. to 4 P. M.

Discharged.—Samuel Wilson appeared before Alderman Donaldson, yesterday, and charged a man, name unknown, with the larceny of $11 from a chamber in the Red Lion Hotel. The accused was arrested, but after a hearing he was discharged, the evidence being insufficient to warrant his prosecution.

A Mammoth Establishment.

We yesterday paid a visit to the extensive and well known wholesale and retail clothing house of N. Grossmayer, & Co., Fifth street, and found such a stock as graces the mammoth eastern houses of a similar character. They possess very superior facilities for the purchase of goods and are thus enabled to sell at prices which defy competition. Their stock consists of heavy overcoats of all styles, silk, cloth, cassimere and velvet vests, and pants of the latest fashion and cut made from the very best of material. Together with which they deal extensively in gents' furnishing goods, gloves, socks, undercloathing, scarf pins, umbrellas, and the thousand and one articles usually sold in similar first-class establishments. The rates are so cheap that even the poorest may well afford to supply himself with a coat or full suit which will defy the assault of the coldest weather. The firm are enterprising, fair dealing gentlemen who make no false representations in disposing of their goods, but warrant every article turned from the establishment to prove serviceable and of the character

EUROPEAN COMPLICATIONS.

Apart from the promptings of ambition—sufficiently powerful of themselves—there are substantial reasons of geography and of military defence and offence, why France seeks to extend her frontier to the Rhine. These considerations, perpetually operating, as constantly excite the aspirations of France towards that object of attainment, as other motives, differing in kind, but no less powerful, impel Russia towards the Bosphorus.

When Prussia began that series of exasperations and exactions which ended, as they were designed to, in the war against Austria, NAPOLEON thought the hour, long waited for, was near at hand. Indeed, it is stated, and with strong probability, that Bismark deluded the French ruler, by professions of conscious weakness on the part of Prussia, and of the need she would experience of French help, when war with Austria should happen; and actually made a bargain for such help, when it should be required, giving consent, as an equivalent, to the occupation and annexation of the Low Countries by the French. Upon the strength of this negotiation NAPOLEON set at work to make his intervention in behalf of Italy a necessity. He raised objections to GARIBALDI'S expedition through Delmatia into Hungary, where he could not have failed of magnificent success, and finally forbade it. This constrained the movement made in the Tyrol, which was without significance. La Marmora, listening to his suggestions, attacked the fortresses of the Quadrilateral, and met a severe repulse, as was intended. Even this did not bring NAPOLEON the solicitation he coveted in that direction, while the splendid successes of the Prussian arms not only filled him with amazement, but made impossible the contingency in which he was to lend Prussia aid and take the territorial compensation. NAPOLEON was not only circumvented, but in a way to show both to Europe and America there were forces at work near him which he did not comprehend or which baffled his resources to resist. Failing to make his point in the manner he originally contemplated, and resolved not to let the opportunity slip altogether, he proffered his friendship to Austria, and it was accepted. Prussia felt she could not face France in the West and Austria in the South; and hence her determination was quickly taken. Within sight of Vienna, but without entering it, she made peace, and turned back to consolidate conquests she had really made. There was now no excuse for French intervention on either side, and no reasons why Germans under either Prussian or Austrian rule should consent to the absorption into France of populous districts occupied by people of their own race.

Discomfited in both directions, NAPOLEON so far lost his self-possession as to demand of Prussia territorial indemnity, which she had no right to concede, and which he had no reasonable pretext, beyond his self-interest, for demanding. He received a flat refusal, which astonished Europe, and would, but for the sudden greatness of the power that confronted him, have caused his legions to set out on a march of invasion. They stood still, because a new authority had arisen among the nations.

The work of Prussia is about half accomplished, and yet that monarchy, in the flush of her newly acquired strength, seems verging on temerity. It gives indications of a purpose to absorb Denmark, and to do other things which had better be left to time and favoring opportunities.

Meanwhile NAPOLEON, true to the instincts of his race, proposes new loans and extraordinary appropriations for fresh armaments. A feeling of uneasiness pervades Europe. The atmosphere indicates convulsion. A spark may light it.

But, it is not to be concealed that NAPOLEON'S prestige has waned. Not only in the later arrangemenas, of which we have spoken, has his sagacity been at fault; but in the Mexican expedition, considerably anterior thereto, he greatly miscalculated. Unquestionably that expedition was started upon the presumption that the rebellion in our Southern States would prove successful; but this only shows that in another matter of the highest importance he failed in his diagnosis, and hence miscarried in his whole treatment of the case. But, it may well be doubted if the Mexican expedition, under any probable circumstances, would have been any thing else than a blunder. Mexico has steadily produced men of fair abilities; sometimes men of rare capacities. All forms of government have been tried—in conjunction with and in opposition to, the Catholic hierarchy, always a power not to be despised in countries where that form of religious faith prevails; and all have failed, and with equal abjectness. All the elements of order are lacking, and all the ingredients of anarchy present. Out of this maladen expedition NAPOLEON has not yet delivered himself. Procrastinating his departure can serve no valuable end for himself or his dominions. It is difficult to see how it can be made to protect even the point of honor, about which it is not conceivable he is sensitive.

There are possible and surprising recuperations for Austria. After the Thirty Years' War Prussia was sunk to a much lower pitch of depression than Austria is now. All her resources of men and material were exhausted. Nothing survived but tenacity of purpose and territorial integrity. Yet in half a generation she was more formidable than at any former period.

France has ceased to be the sole menace of continental Europe. Germany arises from the tomb, in many respects full of lusty life, but in other aspects with the cerements of the dead still upon her, and emitting the odor of the grave. Germany united is an overmatch for France; but before its re-union can be fully accomplished, the hopes of many dynasties must wither and perish. Herein is scope and verge for diverse and serious complications. It seems as if Fate was crowding many problems to immediate solution, by a succession of events grand as any found on the pages of history.

THE DEAD POINT.

The transition from a system of commercial exchanges in which foreign competition mainly regulates the price of manufactured goods, wares and merchandize, to a system in which the price is chiefly determined by domestic rivalry, necessarily involves certain temporary infelicities. So to speak, there is a dead point between the ordaining of such impost duties as shut out articles of foreign production and the creation of domestic means of supply. Manufacturers at home are not slow in taking advantage of the opportunities thus afforded to exact unreasonably high profits. Their universal observation, while another tendency, of slower development, is not generally perceived; this is the tendency of large profits to stimulate fresh competitions, whereby the rates of remuneration in one or several branches are ultimately reduced to the ordinary measure of gains prevailing in the country. As several ponds or lakes, of the same altitude and connected by subterranean or other passages, necessarily maintain one general level, disturbed only by transient causes, so different trades in one country tend to a common level of compensation. If one trade, from any cause whatever, is found to pay much better than another there is a rush of capital and labor into it, carrying down the average profits to the common standard. The exception is where a trade has a monopoly of valuable patents. Then profits are kept twe and even four times as high as the general level, as is now seen in the manufacture of printing presses, wood screws, and many other articles. It is, of course, absurd to attribute these excessive profits to Protection, as the advocates of Free Trade invariably do, or to draw on them for instances to illustrate how the many are robbed to enrich the few, through the agency of the revenue laws. These instances fall into a totally different category.

Uncertainty in regard to the permanence of impost duties always checks competition, and so tends to keep up prices. Capital is sensitive, and except during the prevalence of infatuations, such as marked the recent movements in petroleum, examines cautiously the ground upon which it thinks to set its feet. No one thing tends more directly to day to keep up prices for most descriptions of manufactured goods than the fierce assaults made on the tariff at the last session of Congress. Prior to that assault not a few European manufacturers had actually removed their establishments to this country, and many more were engaged in many of the necessary preliminary investigations. This movement was checked. True, it has not altogether subsided, for within a few days an English woolen manufacturer has settled in Buffalo, New York, and is now engaged a putting up the machinery he brought across the Atlantic with him. But his measures were doubtless taken too soon to be stopped by the new evidences of uncertainty here.

The same considerations which keep European manufacturers from coming in and instituting a proper domestic competition, prevent our own citizens from starting competing establishments to such as already exist, and are paying extravangantly. As definite calculations can not be made on the continuance of the present impost system, hesitancy is felt to engaging in enterprises, which an adverse vote at Washington would certainly cripple if not prostrate it.

Give due assurances that the system now in force will be maintained and an active competition will speedily be inaugurated in many departments of production which will bring down the rates of profits to the ordinary proportion. Once fairly by the dead point, and no farther difficulty will be encountered.

PACIFIC RAILROAD EXCURSION.

Correspondence of Pittsburgh Gazette.

LEAVENWORTH, Nov. 2.

Our party left St. Joseph early this morning, as I said we should in my letter from that place. We ran down by rail to Western, where our car was shipped upon a barge with rails, which was towed to this city by a steamer, six miles. This gave me my first opportunity of seeing this great and singular river, with its ever-changing sand bars, its innumerable snags, and its turbid waters, carrying always, its load of almost impalpable sand from the far-off mountains to the equally distant ocean tides.

We reached Leavenworth in good time for breakfast, which we took at the Planters' Hotel, a large and admirably kept house. Shortly afterwards a party of some fifty or sixty ladies and gentlemen from St. Louis arrived, to unite with our party in our excursion up the valley of the Kansas by the new Pacific road to Fort Riley. The uniting of the two parties was cordial and very pleasant. At eleven o'clock the people of the city brought an array of baronches and other carriages to the front of the hote, when the entire party took an excursion of three hours to see all the interesting scenery around the city, and certainly there is much to interest a stranger, especially as viewed from the high grounds to which we were driven.

Leavenworth is a beautiful city of some eight thousand inhabitants. The location is admirable. The ground is far above the floods of the river, and is envilioned by hills, some of considerable elevation. The natural aspect of everything is more like that of Pennsylvania than anything I have seen on this side of the Mississippi. The town has a fresh appearance, many of the business houses, churches and dwellings are really very fine, and the business streets indicate a pretty large commerce.

This city is connected, by a branch road to Lawrence, with the main line of the Pacific road. This branch is owned by the same company; so that now they have two terminii eastward—one here, and one at Kansas City, which is forty miles east of Lawrence. At the latter place this road connects with the roads of Missouri south of the Missouri river, especially the old Pacific road of that State, which terminates at Kansas City, just on the line dividing Missouri from Kansas. Indeed the new Pacific road, west of the Missouri state line, may be regarded as but a continuation of that old state work, under the authority of the national government; yet the company is operating under a charter granted by the Legislature of Kansas. Still it is a national more than a state work; for already Congress has authorized its construction into Colorado, two hundred and fifty miles west of Fort Riley, and about four hundred miles from the place of beginning.

The party from St. Louis embraces some distinguished men, and some heavy capitalists, who have large pecuniary interests in this great enterprise. The following is a list of their names: John D Perry, President, Gen. W. W. Wright, Supt. Gen. M. Kissock, Adolphus Meier, Ex-Gov. Thomas Price, Gov. Hahn of Louisiana, Maj. Gen. D. S. Stanley, Ex-Gov. Gilpin of Colorado, R. C. Clowry, Hon. R. T. Blow, Giles F. Filley, Gen. Condit Smith, C. W. Mead, Hon. Thomas D. Nelson, M. C. elect from Indiana, C. S. Gredry, St. Louis, J. S. Hayward, Illinois, E. D. Ward, W. M. Patrick, Geo. H. Hall, Wm. Culter, Hon. John O. Hogan, Aug. F. Dick, Dr. Wm. Dickinson, Henry Martin, W. L. Ganson, H. Garrard, James Archer, A. M. Gardner, O. B. Filley, Mr. Osborn, of the Associated Press, Henry M. Post, of the Missouri *Democrat*, A. G. Tracy, Missouri *Republican*, Hon. A. C. Wilder, of the Rochester *Express*. The names of our delegation I gave you before.

This afternoon we dined together as the guests of the city, and in the evening we had two meetings—one of ladies and the younger gentlemen, who doubtless had a good time; the other of gentlemen of both delegations for social converse, better acquaintance, and for discussing the important subject of our mission. Much valuable information was elicited. Altogether this has been a very pleasant and, I think, profitable day. We set off early in the morning for Fort Riley—both delegations.

MARRIAGES.—Considering how few poetical friendships there are, it is remarkable that so many are married. It would seem as if mere yielded to every an obedience to nature without consulting their genius. One may be drunk with love, without being any nearer to finding his mate There is more of good nature than of good sense at the bottom of most marriages. But the good nature must have the counsel of the good natured intelligence. It common sense had a voice, how many an ungoo wedlock would be taken place. It unconsultation of a wedding ring would ever have taken place—*Thoreau.*

Villainous Outrage—Obstructions on a Railroad Track.

The Cleveland *Herald* of the 31st has the following:

The most villainous and cowardly act that human ingenuity could devise was committed by some unknown persons at Elyria on Monday night. The switches of the Cleveland and Toledo railroad, at that point, were all turned the wrong way and wedges were driven into the frogs to make the work of destruction certain upon the arrival of a train. Fortunately no train arrived before the trap was discovered by Mr. D. H. Burnell and wife, as they were returning home on the track late in the evening. Having but a few minutes to replace the switches before the arrival of a freight train, Mr. Burnell gave the alarm, and a force of men were soon on the spot making all safe. The act was perpetrated by some one having a difficulty with the company, as the following note, found posted in a conspicuous place, appears to show:

"OBERLIN AND ELYRIA."

"*Notice to the Cleveland and Toledo Railroad Company*:—You are hereby notified to come and settle up peaceably with the men and teamsters who worked on the road between Elyria and Oberlin before the 10th of November, 1866. If you don't, the hand of destruction must be applied. Therefore, we caution citizens of Elyria to beware of riding on the cars; also, any man seen watching or guarding the railroad will be shot. Engineers will be so treated also after the above date. Take warning."

This attempt at wholesale slaughtering of men, women and children, with whom the author of the outrage has not the slightest acquaintance, and therefore not the remotest cause for making them suffer physically, while the company is only affected pecuniarily, is entirely out of the shade when compared with the wildest dreams of vengeance and destruction practiced by guerrillas.

Tragedy at Lincoln, Illinois.

[From the Wilmington (Ill.) Independent.]

A gentleman named Gilbert L. Eaton, a son of O. G. Eaton, the celebrated car manufacturer of Troy, New York, was killed at Lincoln, on Monday night of last week, under the following circumstances: Mr. Eaton was stopping at the Lincoln House, and had retired to his room, adjoining the office, with a friend named Morgan, when at about one o'clock, a ruffian named John C. Warrack, came to the house to arouse the hostler to get his horse, and soon commenced a quarrel with the porter and awakened the guests. The landlord soon came down to quiet the matter. Mr. Eaton went out of his room, when the landlord asked "who has made all of this disturbance." Mr. Eaton pointed to Warrack and said "that is the man," whereupon Warrack rushed upon him, and before assistance could reach him, stabbed him four times, once through the heart. He went to his room and said "Morgan, I am killed." He only lived forty minutes. Up to the present writing the assassin has not been captured, though the detectives are now after him. Mr. Eaton's remains were brought to this city for interment on Thursday. He has many relatives and friends in this city.

P. S.—Warrack is now in jail.

THE PRINTERS OF ITALY.—A typographical festival is to take place at Milan, in honor of the memory of Panfilo Castaldi, who invented movable type. The invention of Casaldi will be immortalized by a monument, the work of a Milanese sculptor, Guiseppe Corti. An Italian paper says: "We have reason to believe that all the printers of all the Italian cities will be represented at this festival, which is to do homage to one of the glories of Italy."

—About the coolest thing yet is a remark of the Richmond *Dispatch*, which quotes from a New York paper the statement that in Brooklyn the officers have refused to register a man as a voter for no other reason than that he served in the Confederate army, and adds: "The Southern people have made no such discrimination against Federal soldiers."

DR. CHAUSSIER'S EMPRESS LA COMPOSITION IMPERATRICE FOURLE-CHEVEUX.—It has long been known that the Hair, by mental exertion, by excitement, disease and imperfect circulation, loses its vitality, turns gray and falls off. That eminent French Chemist, DR. CHAUSSIER, has proved a complete antidote, and at the same time a splendid dressing for the hair, durable and finely perfumed. Remember this is the finest article for the toilet which has ever been presented to the public. IT IS NOT A DYE. It will not soil the finest linen; it will not gum the hair. It restores the scalp of dandruff and promotes its healthy action. It will make hair grow on bald heads after fevers. Or as the best proof to grow. It will restore gray hair to its natural color, or the color of youth, which is generally darker. Directions in French and English. Sole Agent for Pittsburgh, JOSEPH FLEMING, Druggist, No. 81 Market street. Depot, 140 Fulton st., New York.

SPREAD THE TRUTH.—Some medical men insist that it is undignified to advertise a remedy, however valuable it may be. Queer reasoning this. It is like saying that an article which the world needs should be hid in a corner—that benefits and blessings may be too widely diffused—that the means of protecting and restoring health should be a close monopoly, and not accessible to all. The argument is bad. It is worse than that: it is DECEPTIVE. Suppose HOSTETTER'S STOMACH BITTERS—an absolute specific for dyspepsia, biliousness and nervous debility—had never been known beyond the repertoire of the druggist. Would it be wise in the one supreme duties of curing and restoring suffering millions, that the precious panacea should have been confined to a comparative few. To be in the highest sense honest for saying that God should not be hid under a bushel; in the highest sense philanthropic for making the world acquainted with the means of its own relief, and in the highest sense Christian for doing to others as we would have others do unto us, it is the duty of every one who knows of a remedy for human ills to make it known. Let the people be the judges. If they are satisfied that any remedy is worthless, or that its pretensions are in any way exaggerated, it will soon be heard from. If the public health is not benefitted by the publication of the facts, it will be no one's fault but the proprietor's, and who can bear a grudge to certain, but undeserved fault and reward?

FOR SALE.—A Farm of about 58 acres in Upton Township, Allegheny county, Pa., adjoining the village of Upton, on the Washington Pike. The improvements are a large two-story white dwelling House with 12 rooms, a two-story spring House, a large Bank Barn, with lumber Room, a No. 1 Frame Bank Barn, with stabling sufficient for 30 head of cattle. There is fine bearing orchard of apple trees, good, and well stocked with the best varieties of fruit trees. It is all underlaid with coal. The land is in a high state of cultivation, and for miles from the city, and would sell admirably for dairy or gardening purposes.

Also, 17 acres adjoining the above, with a good Frame House, Carriage House, good Spring House and other out-buildings, with a good orchard in bearing condition. This place is also all underlaid with coal.

Also, 12 acres adjoining the above, unimproved, for sale separately. This piece is also all underlaid with coal.

The above three pieces of property lie between the Little Saw Mill Run and Steubenville Railroads, and the road can be reached easily from either road. The coal can be mined easily from either piece of the entire property.

Also, Farm of 174 acres, situated in St. Clair township, Washington county, Pa., improvements on the line of the Pennsylvania Railroad. The improvements are a two-story Frame House, with nine rooms and a good cellar; a Frame Bank Barn, 80x90 feet, and other out-building. There is on the place a good Young Apple Orchard of choice fruit, bearing in good condition, and originally good, well watered; underlaid with coal and limestone; convenient to churches, schools and markets. Will be sold in one piece with the new and property such as stock and implements, grain in the ground, &c. Possession given immediately.

Also, Farm of 93 acres, situated in Chartiers township, Allegheny county, Pa., about 8½ miles from the city, and 1½ miles from Carnegie R. R., and within one-half mile of a station; 40 acres of the best of creek bottom land, and in a high state of cultivation; the balance hill and pasture. The fencing is generally good. The soil is No. 1, and well adapted to all kinds of crops. Any one wishing to embark in the business will call at once and secure a good bargain, as this is a rare chance.

Also, Farm of 100 acres, in Elizabeth township, Allegheny county, Pa., on the Monongahela river, about one mile from the Railroad depot at Elizabeth. The land is of the best quality. The improvements are a farm house with six rooms, a good barn and other out-buildings; fencing good; about 50 acres of orch

Monthly Meeting of the Allegheny County Prison Society.

The regular monthly meeting of the Allegheny County Prison Society was held in the First Presbyterian church, Wood street, yesterday morning at half past nine o'clock, Vice-President Robert Orr in the chair. Present: Robert Orr, H. J. Lynch, J. D. Carlisle, O. O. Ormsby, Dr. Robert Wray, Rev. John Douglas, D. D., Captain D. F. Ewing and Barclay Preston.

The meeting was opened by prayer, after which J. D. Carlisle, Treasurer, reported that the Society is in debt $264.

Reports from the Day Committees respecting the condition of the jail and the prisoners therein, were read, and the following resolution adopted:

Resolved, That each member of the committee be, and is hereby appointed to collect funds for the Society.

On motion Robert Orr and Captain C. T. Ewing were requested to correspond with Rev. Wines, of the New York Prison Association, concerning a young man now stopping with Captain Ewing.

A letter from a lady of high social standing, who resides in Allegheny, was then read, ordered to be recorded in the minutes, the thanks of the Society returned to the authoress, and the letter submitted to the newspapers for publication, with the understanding that the names be suppressed. We give the letter in full:

ALLEGHENY, Saturday, Nov. 3, 1866.

MR. JOSEPH MCKNIGHT.—*Dear Sir*: As you are the President of the Allegheny County Prison Society, may I state to you one or two things that Mrs. M. and I think desirable towards improving the condition of the women in the jail. Yesterday morning Mrs. C. went with me, at nine o'clock, and we remained nearly three hours, going from cell to cell, talking, advising and praying with the women, but we, during all that time, had no seat, and consequently came away perfectly worn out. But, aside from our inconvenience, it is not right that the inmates of the cell should have no chairs or stools.

They asked us again and again, before we left, to try and get permission for them to do sewing for some one. If we desire to reform them at all in their prison life, it seems as if we should try and soften their hearts, and lead them to cultivate home habits. As it is, they spend their time leaning over the railing in such unprofitable gossip, but they say they want to do something better. If it could be possible to have a large room fitted up where they could sew together, and where we could go and hold a social service with them, it would be very desirable. If not, can we not make the cells more habitable?

In our visits we find it best to say very little about the causes which have brought them to the jail, for the feeling of bitterness that comes with a narration of their wrongs that unfits them for devotion. We feel that something should be done for the women as they come out of prison; but as yet do not see our way clearly what to do, but trust we shall be directed.

Steps were taken to procure benches from the soldiers' Home for the use of prisoners, it being stated that Warden White favored their introduction.

On motion the society adjourned to meet on the first Tuesday of December.

We sincerely hope that the Society will receive the liberal encouragement of the public in a substantial pecuniary way. We know of no more praiseworthy organization, nor any that is accomplishes more good for fallen humanity, and our wealthy citizens should not be sparing in their contributions. A number of gentlemen will call upon merchants and others for pecuniary aid to help on the movement commenced under such favorable auspices, and we are greatly mistaken in our ideas of Pittsburgh philanthrophy, if their efforts are not generously responded to. Contributions will be received and acknowledged by Mr. J. W. Carlisle, Treasurer, No. 19 Fifth street.

The Coming Meteoric Display.

An exchange discourses as follows of the expected meteoric shower prophesied by "star gazers," to take place in the ebon vaunt on the twelfth of the present month:

Arrangements are being made to take scientific observations of the expected meteoric display this month. The subject of meteors and shooting stars has engaged the attention of eminent astronomers within the last century to a greater extent than ever before; among them Professors Olmstead, Twining and Newton have written valuable papers in connection with it. The appearance of shooting stars is quite common, but in the months of August and November of each year they are seen in greater numbers, generally about the 10th of August and the 12th of November. The great meteoric shower of 1799 seems to have drawn the attention of astronomers more particularly to this subject, and from that time to the recurrence of the meteoric shower in 1833, and up to the present day, they have tried to refer the different phases and characteristics of the phenomenon to known laws, and to establish the exact anniversary of its appearance. Thus far the most brilliant of these meteoric showers have occurred at intervals of thirty-three years; that of 1833 was especially distinguished by the immense number of moving meteors to be seen at once, and for the remarkable size and splendor of many of them. Among the myriads of blazing meteors visible on that occasion, one was seen at several places on this continent, it was recognized by several observers by its extraordinary size and brilliancy, as well as by the length of time its train remained visible, which was about ten minutes. The luminous train seemed to follow the meteor in a serpentine course, and finally disappeared in a vast nebulous cloud, many times larger than the moon, and which continued to move onward with a velocity greater than the clouds. The meteoric display of 1799 and 1822 were characterized by the fall of meteorites, which rushing to the surface of the earth with a loud noise, penetrated beneath it several feet. The periodicity of these starry showers is not so definitely ascertained with regard to the days as to the years. They have occurred to a greater or less degree in the months of August and November, from 1838 to 1839; but the most remarkable of them have appeared on the 12th of November, or between that day and the 14th.

The next appearance of the meteoric phenomenon, therefore, is expected on or about the 12th inst. this month. The observations of astronomers have demonstrated that the shooting stars are more numerous between midnight and sunrise, and the majority of them tend to or in fixing the radiant point—that point in which the lines described by the meteors in their flight centre—in the constellation Leo, limiting the area of radiation to the immediate vicinity of Regulus in the neck of the Lion. Others assign the radiant point to the constellation Perseus. The theory most generally accepted in accounting for the regular recurrence of meteoric showers, is that an unusual aggregation of these asteroids exists in the place which is reached by the earth at that point of its orbit, and through which the earth is several hours in passing, although observations have not been sufficiently numerous to establish the exact period of the earth's arrival at this part of its orbit. During the flight of meteors in November, 1833, much apprehension was manifested from the fear that one or more of these asteroids would come in collision with the earth; but hitherto no disastrous consequences have ensued from this grand celestial display, and although there is some reason to believe that an event of this kind is possible, scientific men unite in the opinion that such a calamity is not within the bounds of probability.

Larceny as Bailee.

Michael M. Jardine came to the office of Alderman Lynch, yesterday, and made oath, charging John M. Marshall with larceny by bailee. It appears that the parties occupied houses contiguous to each other, in Temperanceville, until last April, when Jardine moved to this city. Before leaving he gave Marshall a trunk filled with bed clothing, requesting the latter to take care of the goods until they would be called for, which, in all probability, would be in a few weeks. The owner neglected to call for his goods until yesterday, when he was informed by the custodian that the trunk, with its contents, had been sold by his brother-in-law, James Conner, who had appropriated the proceeds of the sale to his own use. Believing that Marshall meant to defraud him, Jardine appeared before the magistrate and made oath as stated. A warrant has been issued for the arrest of the accused.

Election of Bank Officers.

The stockholders of the Real Estate Savings Bank, No. 63 Fourth street, held a meeting yesterday morning in the Bank building, for the purpose of electing trustees, to serve for the ensuing two years. The former incumbents were re-elected with a negative vote. On them devolves the duty of choosing the officers of the bank. It is more remaining officers of the bank. It is more than probable that the institutions destines will be guarded over by the same officers, as during the past two years, viz:

President—Isaac Conch.

Vice President—W. B. Copeland.

Trustees—Hon. Thomas M. Howe, Isaac Jones, W. B. Copeland, Harvey Childs, Hon. John H. Woods, C. G. Hussey, Jacob Painter, Nicholas Voegtler, William H. Smith.

Secretary and Treasurer—A. A. Carvier.

Accountant—B. C. Parke.

Solicitor—E. Bradford Todd.

Injunction Asked For.—E. A. L. Roberts, patentee of Roberts' torpedo for arresting walls, applied a short time since for an injunction to restrain Hazmar & Nickson and other parties from using his patent. The motion was argued at length before Hon. Wilson McCandless, in the United States Court yesterday morning. W. Bakewell, Esq., appeared in behalf of the applicant, and A. M. Brown, Esq., of counsel. Judge McCandless took charge of the papers in the case, and will render a decision in a few days.

Assault and Battery.—Amaco P. James appeared before Alderman Humbert yesterday, and made oath against Samuel Dudley, charging him with assault and battery. The prosecutrix alleges that Dudley, without any cause or provocation, struck her in the breast with such force as to knock her down, and thereby injuring her to a considerable extent bodily. The accused was arrested and made to give bail in the sum of three hundred dollars for a hearing on Saturday.

Admitted to Practice.—Walter S. McCune and Daniel B. Thompson, Esqs., were, on motion of Thomas M. Marshall, Esq., admitted to the practice in the several courts of yesterday to practice in the several courts of this county. We are pleased to notice their entrance into this arena, where they will find ample opportunity for the display of their talent and education. We wish them much success.

Special Caution.—Mrs. Winslow's Soothing Syrup has become so popular that various parties have put out articles calling them Mrs. Winslow's. Please take notice that the Mrs. Winslow of the Soothing Syrup is not connected with any other article. wlmlaw

EARLY TELEGRAMS.

FROM WASHINGTON.

Pardons by the President—General Sweeney Reinstated in the Army—Extra Pay to the Treasury Clerks Refused.

NEW YORK, Nov. 6.—The *Herald's* Washington special says: The President has authorized pardons to be granted to T. M. Roberts, of Ohio, and Wm. S. Hynes, of Louisiana, the former for his participation in the rebellion, under the tenth clause, of leaving a loyal State to participate in the rebellion, and the latter under the $20,000 clause of the amnesty proclamation.

No instructions have yet been received from France by the Marquis de Montholon, directing him to proceed to Lisbon, or intimating that he is to be superceded by Count Bertinatti. Nevertheless he is inclined to give some credit to the cable dispatch of the 2d instant, and looks to the Euro, ean mail of that date to either confirm or deny the report.

The President to-day issued the order for the restoration of Gen. Thomas W. Sweeney to his former position in the regular army. General Sweeney leaves here for New York to-morrow.

The *Tribune's* Washington special says: Notwithstanding the petition of the first and second class clerks of the Treasury Department, Secretary McCulloch has decided not to grant them any of the extra compensation appropriated by Congress for their relief—a portion of which has been given to the clerks of higher grades.

The *World's* Washington special says: Ed. Plumb, Secretary when Robert McLain was Mexican Minister, has been appointed secretary of Legation to Mexico.

The *Times'* Washington special says: A communication from Signor Romero, Mexican Minister, was forwarded to Juarez, on Saturday last, notifying the latter that Gen. Sherman and Hon. L. D. Campbell, our Minister, will meet the Juarez Government at Vera Cruz, as soon as they can get to that point, or some other that may be designated.

THE FENIAN TRIALS.

Plot to Assassinate Canadians—Dissatisfaction Among Catholics—Application for a New Trial for McMahon and Lynch.

NEW YORK, November 6.—The *Herald's* Toronto special says: Mr. Harrison, the Queen's Counsel, received an anonymous letter from Montreal, informing him of the intention of a party of Fenians who are en route to Toronto, to assassinate all the officers of the Assizes concerned in the sentence of Lynch and McMahon.

Considerable dissatisfaction prevailed among the Catholics at the acquittal of Lumsden.

Another raid was expected from Buffalo on Saturday night, during a Fenian demonstration on the arrival of the captured arms recently returned by order of President Johnson.

Mass meetings among the Brotherhood were held in Buffalo and Indianapolis on Saturday night, in which retaliatory measures were threatened in case of the execution of Lynch or McMahon.

A new trial for McMahon and Lynch will be applied for during the week.

THE SOUTH AMERICAN WAR.

Another Battle—Allied Forces Repulsed—Gunboats Disabled—Further Operations Suspended.

[BY THE CABLE.]

NEW YORK, November 6.—The following dispatch is received over the Atlantic Cable, dated Rio Janerio, October 31, via London, November 5th:

Another battle took place at Fort Curapaity on the 22d of September. The gunboats engaged the fort from the river, while the allied storming columns attacked the Paraguayan rear. The number of a skirmish (?) was more than the allied musketry, and nobly captured the first parallel.

They failed, however, to take the second, and were forced to retire, but after having sustained a loss of five thousand men, and having had several gunboats disabled.

General Flores returned to Montevideo with the remnant of his army.

Great excitement prevails. Further operations are suspended.

Injunction Against the Atlantic Steamship Company.

NEW YORK, November 6.—On Friday last, the Atlantic Steamship Company was enjoined by Judge Brady, of the Court of Common Pleas, from transferring the newly created capital stock of the corporation, about eight millions of dollars. The original capital was four millions, but at a late meeting it was doubled, with an understanding, it is said, that the new stock should not be put into market for six months, dating from July, 1866. The complaint set forth that the stock was being disposed of contrary to the agreement, and an injunction was therefore granted.

Letter from Ex-Governor Perry.

NEW YORK, November 6.—The *Times'* Charleston special says Ex-Provisional Governor Perry publishes a long letter against the adoption of the Constitutional Amendment. He says the South may be ruined, but cannot be dishonored; and he sees in the present condition that the Amendment can never gain the assent of three-fourths of the States.

Arrival of British Troops in Canada.

NEW YORK, November 6.—The *Tribune's* Montreal special says: The Forty-Second Royal Highlanders, just out from England, by the steamer Pennsylvania, arrived here yesterday. One half of the regiment will go immediately to Ottawa. There are now in Canada, in all, regulars about 15,000 troops of the regular British army, of whom 9,000 are in Canada.

From California.

SAN FRANCISCO, November 6.—Letters from General Montenegro, commander at Acapulco, to the Mexican Imperial Consul in this city, dated October 27th, says: Nothing about the Emperor Maximilian. Prominent Liberals, Mr. Sutler, the acting American Consul there, is fully implicated as being the medium of correspondence between the Liberals in San Francisco and Alvarez.

Returned Safely.

NEW YORK, November 6.—A *Tribune's* Fort Riley special says: A hunting party, including Count Montauge, of Courtbroil, Baron Holderlin, Count Montague, who were reported killed or captured, returned safely yesterday to Fort Riley.

Thanksgiving Day Appointed.

CINCINNATI, Nov. 6.—Governor Cox, of Ohio, has appointed the 29th day of November as a day of thanksgiving.

GLAD NEWS FOR THE UNFORTUNATE.

BELL'S SPECIFIC REMEDIES

Are warranted, in all cases, for the speedy and permanent cure of all diseases arising from sexual excesses or YOUTHFUL INDISCRETION, Seminal Loss, Nightly Emissions and Seminal Dreams, Genital, Physical and Nervous Debility, Impotency, Gleet, Sexual Diseases, &c., &c. NO CHANGE OF DIET IS REQUISITE. They can be used without detection, and never fail to effect a cure, if used according to instructions.

BELL'S SPECIFIC PILLS,

Price one dollar per box, or six boxes for five dollars; also, large boxes, consisting four small. Price three dollars.

From four to six boxes are generally required to cure ordinary cases of Seminal Weakness and Emissions, though benefit is derived from using a single box.

In Chronic Cases, and particularly when Impotence or Genital Debility with Nervous Prostration has affected the system,

BELL'S TONIC PILLS

Are recommended as the most efficacious rejuvinating and invigorating remedy in the world.

A package, price five dollars, will last a month, and is generally sufficient.

In extreme cases of Debility and Impotence,

Bell's External Remedy,

Price two dollars, sufficient for a month, can be used to good advantage.

It gives strength to the whole frame, and with the Pills will restore them to their normal condition.

CAUTION.—The above Remedies have now been before the public many years, and their great success in the alleviation of human ills, has excited the cupidity of several parties, who use the name "Specific Pills," copy my labels, circulars and advertisements, sometimes word for word, and put up worthless compounds that disappoint the just expectations of the purchaser.

If you cannot purchase Bell's specific Remedies of your Druggist, take no other, but send the money direct to

DR. JAMES BRYAN,
Consulting Physician,
No. 819 Broadway, New York.

And you will receive them, by return of mail, post paid, and free from observation.

TO LADIES.—If you require a reliable remedy to restore you and remove irregularities or obstructions, WHY NOT USE DR. BENT. Every lady knows the slighter irregularity of nature is likely to bring on Headache, Giddiness, Low Spirits, Fainting, Hysterics, &c.; then the blood is driven to the head, the appetite fails, and other symptoms more distressing commence, as Weakness, Spinal Complaint, the Whites, Prolapsus, &c. &c. A NEVER-FAILING REMEDY will be found in DR. HARVEY'S FEMALE PILLS. The experience of 30 years has proved them to be equal for removing all female irregularities, no matter from what cause they arise. Upwards of 50,000 boxes are sold annually, and no complaint of their efficacy is ever heard, for they accomplish what is represented for them. Sold in boxes containing sixty pills. Price one dollar.

DR. HARVEY'S GOLDEN PILLS is a remedy of great strength, and is intended for special cases of long standing. Price five dollars per box.

If you cannot purchase the Pills at your druggist, they will be sent by mail, post paid, secure from observation, on receipt of the money, by DR. JAMES BRYAN, Consulting Physician, No. 819 Broadway, New York.

FINANCE AND TRADE.

TUESDAY, November 6, 1866.

The New York stock quotations to-day, as reported by Robinson, McClean & Co., were as follows: Gold, 148¼; 1881's, 114½; 5-20's, old, 110½; do new, 110¼; 5-20s '65, 107¾; 10-40s 109½; 7-30s, 1st series, 108; second and third 106. Michigan Southern R. R., 93; Cleveland & Pittsburgh, 93½; Pittsburgh, Fort Wayne & Chicago, 109½; Erie R. R., 82¾; Union Telegraph Company, 52¼; Chicago & Rock Island, 109¾; Chicago & North Western, 58.

The following dividends have been announced by some of our Banks during the past day or two:

Keystone Savings Bank	$1,50 per share
German National Bank	6 per cent.
First National Bank	3 per cent.
People's National Bank	5 per cent.
Allegheny Gas Co.	4 per cent.

—Last week was looked forward to for some time as the period when the disbursement of about 24 millions of coin upon November coupons would produce a material decline in the premium on gold. The result, however, shows complete disappointment of the general anticipation. Notwithstanding the heavy disbursements that have been going on since the 31st October, the gold premium has advanced 2¾ per cent, a result partially due to the large purchases for covering short contracts. The condition of political affairs, however, and the party exasperation connected with the elections, have, no doubt, much to do with the firmness of the premium at a time when it might have been expected to decline.

—The Chicago *Tribune*, of Monday, reports money matters in that city as follows:

The Money market, though in the aggregate quite active, is gradually working easier, and currency shows a tone of accumulation. There is comparatively little mercantile paper offering, and few renewals are being asked for. The demand on paper account is light, as very few of the packers have commenced cutting. On grain account the demand is large, but the discount houses are considerate, and closely scrutinize all suchoffering, as they no desire to encourage speculation at the present inflated values. Prime paper is readily taken at the current basis per cent. Outside signatures are negotiated in the open market at 12@18 per cent per annum according to the nature of the security offered and the standing of the applicants. Call loans on Government are nominal at a per cent. Mortgage loans range from 8@10 per cent.

—The receipts of internal revenue for October are $2,841,190, against $2,467,276 for the correspondent month of last year. The receipts for the four months of the present fiscal year amounted to $12,730,603, against $10,181,409 for the correspondent months of 1865. The receipts from railroads for the month of October are only $26,245, against $29,329 for the same month last year. The receipts from banks pay this year only $104,922 for October, against $526,032 same month last year, been almost entirely wiped out. The receipts from liquors are reduced 50 per cent, while those from sales of stamps are increased $81,000, and those from banks are more than doubled.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, November 6, 1866.

There is really nothing that is new in the produce markets worthy of special notice. The excitement in the Chicago Grain market has, as yet, made no particular impression here, with the exception perhaps, that there is a firmer feeling, and some parties are buying and holding in anticipation of an advance. Flour is quiet and less active out from. Previous mild weather has favored delivery, and so we might continue to the end of the list.

GRAIN—Wheat is quiet and dull but firm at $2,04 for No. 1 spring, a shade higher; sales of 100 bush, on wharf, at 35; and 600 bush on track, at 34 to 36. No movement in Corn. Sales of 1000 bush fair spring Barley at $1,15, and 1000 bush choice do at $1,25. We can report a sale of 100 bush Rye at $1,20.

FLOUR—Is coming in pretty freely, and while the demand is less urgent and the market apparently a shade easier, prices are firm and well sustained. We continue to quote at $12,50 to $13 for spring; 10 boat, and $13,50 to $14 for Winter Wheat brands. Buckwheat Flour is selling at $7,50 per cwt, in store. Rye Flour is unchanged and in limited supply.

PROVISIONS—There is no movement to note in the demand for Bacon, but as the season is about over, and stocks are pretty well reduced, prices are nominally unchanged. Lard is dull, and we quote nominally at 15½ to 16.

HAY—The supply of Baled Hay is rather light and with a fair demand, prices may be quoted firm at $21 to $23 for prime, in store, and $20 to $22, in first hands.

APPLES—Reported quiet and unchanged; sales in a regular way at $2,75 to $3,25 per bbl for fair to choice.

SEEDS—Flaxseed is wanted at $3, and but little offering. Small sales of Timothy at $4. Cloverseed is quoted at $7½ to $8.

BUTTER—The supply of Roll Butter is fully equal to the demand, and prices are barely maintained at 30 to 32 for prime to choice. There seems to be no inquiry for common packed.

EGGS—Are coming in pretty freely, but the demand is fully up the supply, and fresh packed sell readily at 35.

CHEESE—Is dull and in good supply but without quotable change.

CRANBERRIES—Steady with regular sales at $15 for common and $20 for cultivated

CATTLE.

There was a little more life in the market for cattle this week, and a rather better feeling, though there is no improvement to note in prices. Last week there was a lower supply and very bad weather, while this week the supply was somewhat restricted, and the weather was all that could have been desired for our floor operations. For good butcher's cattle, there was a very fair demand at 7 to 7½—a few head of extra brought 8 cts—while medium grades may be quoted at 6 to 6½. For common mixed stock, including thin cows and heifers and rough steers and oxen and bulls, there was some inquiry, with sales ranging from 4 to 5 cts. As the supply of cattle on sale was below the average of several weeks, there was but comparatively few left over.

SHEEP AND LAMBS

The supply of sheep was only moderate, though as the season advances, the demand for this class of stock seems to be falling off, and the market rules dull, but prices are with most quotable change. Snyder sold 80 head to Beltstine (butcher) averaging 95 lbs, at 4¼, while Emmit & Fowler retailed 30 head of extra sheep, averaging 120 lbs, at 6. Lambs may be quoted at 5½ to 6½ per head.

SWINE.

Market quiet and a little dull with a dropping inquiry. We quote choice at 8½@9 cts per gross, for fair to prime heavy averages—Emerick & Co. bought a small drove, averaging 240 lbs, at 8½.

REPORTED SALES OF CATTLE.

Kerwin & Cruns sold 22 head of common cattle to Mar...& & Trautman, averaging 800 lbs, at 5½; retailed 20 head at 6½, and sold a pair of oxen to a Mr. Norton, of Washington Co., at $170. The same firm bought 22 head fairish steers, averaging 1050 lbs, from Morris & Dowd, at 6½; also, 60 head from Ovendorf, averaging 1050 lbs, and 20 head, 1100 lbs, at 6½.

Glass & Eaffler retailed 19 head at 6 to 6½; 19 left over. Carr & McAllister sold 100 head of mixed cattle on commission at 5½ to 7. Emerick & Co., 18 head at 6 to 6½. Stakeley sold Hines 12 head very common cattle at 4½, 6 head lots to Bodman at 4½, and 12 at an average of 6.

Hazlewood & Co. retailed 30 head at 6 to 8. Ovendorf sold Martin 32 head, averaging 1050, at 6½. Rosenthal sold Martin 22 head at 6½ to 7½; and Verner & Co. 22 head at 6½ to 7. Rothschilds & Eckert, 30 head at 6½ to 7.

Marks & Traurigan sold 11 head good cattle to Martin & Co., Evens, 12 head at 6½; 12 head of fairish steers, averaging 850, to Marks, at 6½; 19 head, averaging 750, to Wilson Kerr, at 6; and retailed 75 head at 6 to 7½. Kraus & Haas retailed 74 head, at 7 to 7½.

Myers & Neely sold 10 head, averaging 1000, to Greenwald & Kahn, at 6½ to 6¾; 10 head, averaging 1050, to Martin & Co., at 7 to 7½; and retailed 30 head at 5 to 6½. Merrick & Dodd retailed 50 head at 6,@6¾ to 7; and Greenwald & Kahn 60.

Hurd & Bell sold 70 head, averaging 900, at 6½. Smith sold Martin & Co. 15 head, averaging 1250, at 7½. Fowler & Emitt 15 head at 5½ to 7.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, November 6, 1866.

CRUDE—There was a moderate demand for crude to-day, and while the market may be termed steady; prices have undergone no quotable change; 11 to 11½ barrels returned and in bulk, and 15 to 16½ barrels included. Sales in lots of 5,500 barrels at 11 cts; and 1,000 at 11½—there may have been other sales" at we could not get the above confirmed, to establish the general tone of the trade, remarking at the same time that the tendency, if anything, is toward lower rates. The demand for shipment seems to be very light. We are cognizant of one broker having an order to buy at 10, packages included, but he was unable to purchase at that figure. We have had no late advices from Oil City. The intelligence from the East is not very encouraging.

REFINED—There is no item worthy of note in the demand for bonded oil, and it is also true that there is but comparatively little offering, our refiners seeming disposed to hold off in anticipation of a more active and better prices. So far as we could learn, there was not a single operation—no bids sold yesterday for daily delivery in Pittsburgh than at 37. Quotations may be fairly given at 36 to 37, free on board cars here, and 38 to 37, delivered. In Philadelphia, Free oil is dull and carcumb. We quoted above 30 to 31.

ARRIVALS—The following arrivals of oil were reported to-day:

W. Haldeman	1000	Mawhinney & Bro.
Miller & Edwards	350	Fisher & Bro.
Little & Williams	1100	J. Wilkins
J. E. Strickler	750	Baxter & Ellison
J. Gallagher	200	Gallagher & Co.
D. M. Edgerton	1000	Siker & Moore

Philadelphia Cattle Market.

PHILADELPHIA, November, 5.—The Cattle Market was moderately active this week, but prices were unchanged; about 2,300 head arrived and sold at from 6@9 cents for extra—a few choice selected at 9½@10 cents per pound—Were also dull and 25,000 head arrived and partly sold at from 3@9 cents per lb gross—as to quality.

MARKETS BY TELEGRAPH.

New York Financial Matters.

NEW YORK, November 6.—Money easy and steady at 5 per cent. Sterling quiet at 109¾@109¾. Gold a shade easier, opening at 148¾ and closing 147¾. Government stocks steady. Freights to Liverpool quiet. Stocks steady; Fort Wayne, 110¼; Toledo and Wabash, 73; New York and New Haven, 115¾; Rhode Island, 110½; Northwestern, 58¾; do preferred, 83½; Illinois Central, 125; Michigan Central, 93¾; Reading, 117¾; Hudson, 124; New York Central, 121½; Erie, 83½; Western Union Telegraph, 52; 7-30s 2nd, 106; do. 3d 106.

The *Post's* money article says: The loan market is easy. The rate is now 5 per cent. on all loans. In discounts there is some change, which is due to recent failures. Choice bills pass at 6 per cent. Stocks opened with a drooping tendency, but improved at the close. Governments active, at an advance on leading descriptions of ¼ per cent. Railroad shares less active, but there is a firm undertone to the market.

After the regular board the quotations were: New York Central, 122¾; Erie, 83; Hudson, 124; Reading, 117; Michigan Central, 116; Michigan Southern, 93¾; Illinois Central, 125; Pittsburgh, 93½; Northwestern, 58½; Northwestern preferred, 82; Toledo, 72¾; Rock Island, 109¾; Fort Wayne, 110; Ohio and Mississippi certificates, 34¾. Foreign exchange bills, at sixty days, on London, are quoted at 109¾@109¾; for Commercial, 109¼@109¾; for bankers' do, at short sight, 110¼@110¾.

The *Commercial's* money article says: The election has the effect of directing attention from business. At the regular Board transactions in stocks were limited, and prices were, on an average, about ½ per cent. lower. Buyers were plenty, however, at the declines, and after the Board there was a general recovery in prices, the extent of the previous decline. The principal activity was in New York Central, which rose 1¾. Atlantic Mail opened at 108¾, and closed at 110. Governments are quiet; old Five Twenties are ¼ lower, the first series of 1865 are ¼ better. It appears to be over-looked that the new series of 1865 are about ¼ below the price of the old. Seven Thirties are ¼ better. Money, though active, is yet abundant at 5 per cent on stock collaterals and 4 per cent. on commercials. The representations that the rate on call is 6 per cent, appear to have no basis, that being a very exceptional rate. Discounts are quiet. There is an abundance of paper offering, but no great inquiry for it at the current quotation of 6@7 per cent. The demand for Exchange for to-morrow's steamer is comparatively dull, and the rates are weak.

LATEST.

The demand for money was quite active to-day, but the market was not strinsent. The rates for call loans were firmer and we did not hear of much business under 5 per cent, while 6 per cent was paid in many cases. The discount market is dull and only prime paper is current, and even that does not pass freely at 6@7 per cent. The gold market fell to 147¾ this afternoon and closed at the rates. The market for exchange is dull and rather heavy. Bankers bills are quoted at 109¾ to 109¾.

Government securities dull and steady. The following are this afternoon's quotations: Registered 1881, 114½@114¾; Coupons 1881, 114¾@115; Registered, 1862, 107¾@107¾; 5-20 Coupons, 1862, 110¾@110¾; 5-20 Coupons, 1864, 109¾@109¾; Coupons, 1865, 109¾@109¾; Registered, 1865, 109¾@109¾; 10-40 Coupons, 1865, 109¾@109¾.

Stock market at the last open board dull and steady. Atlantic mail fell to 109 on the report of a compromise, but after the call rose to 110. The following were the closing prices at 4:30 P. M.: Ohio Certificates, 34; 6s, 1st Canton, 86; Cleveland & Toledo, 103; Fort Wayne, 110; Cumberland, 67½@67¾; Quicksilver, 56; Mariposa, 14@14½; do. preferred, 30@30½; Western Union Telegraph, 53; Erie, 83; Reading, 118; Hudson, 124@124½; Reading, 116¾@117; Michigan Central, 93½; Pittsburgh, 93@93½; Rock Island and Pacific, 109@110¾.

New York Produce Market.

NEW YORK, November 6.—Cotton quiet and steady; 42c for middling uplands. Flour dull and common grades declining, at $11,50@12,25 for round to common extra, $12,30@13,50 for extra round hoop Ohio, and $13,50@15,00 for trade brands. Whisky quiet and nominally unchanged. Wheat opened firm and closed dull and declining, at $2,36@2,40 for No 2 Chicago and Milwaukee, and $2,25 for white Michigan and Canada, free. Rye active and firm, at $1,30 for old western, and $1,42 for Canada. Barley more active and 2@3c lower, at $1,06@1,11 for Canada West, in bond, $1,25 for Canada West, free, and $1,11@1,12 for No 2 owego and Milwaukee. Oats firm and a shade higher; sales of 109 bush, on wharf, at 85, and 600 bush on track, at 54 to 56. No movement in Corn. Sales of 1000 bush fair spring Barley at $1,15, and 1000 bush choice do at $1,25. We can report a sale of 100 bush Rye at $1,20.

FLOUR—Is coming in pretty freely, and while the demand is less urgent and the market apparently a shade easier, prices are firm and well sustained. We continue to quote at $12,50 to $13 for spring; 10 boat, and $13,50 to $14 for Winter Wheat brands. Buckwheat Flour is selling at $7,50 per cwt, in store. Rye Flour is unchanged and in limited supply.

PROVISIONS—There is no movement to note in the demand for Bacon, but as the season is about over, and stocks are pretty well reduced, prices are nominally unchanged. Lard is dull, and we quote nominally at 15½ to 16.

HAY—The supply of Baled Hay is rather light and with a fair demand, prices may be quoted firm at $21 to $23 for prime, in store, and $20 to $22, in first hands.

APPLES—Reported quiet and unchanged; sales in a regular way at $2,75 to $3,25 per bbl for fair to choice.

SEEDS—Flaxseed is wanted at $3, and but little offering. Small sales of Timothy at $4. Cloverseed is quoted at $7½ to $8.

BUTTER—The supply of Roll Butter is fully equal to the demand, and prices are barely maintained at 30 to 32 for prime to choice. There seems to be no inquiry for common packed.

EGGS—Are coming in pretty freely, but the demand is fully up the supply, and fresh packed sell readily at 35.

CHEESE—Is dull and in good supply but without quotable change.

CRANBERRIES—Steady with regular sales at $15 for common and $20 for cultivated

New Orleans Market.

NEW ORLEANS, Nov. 6.—Cotton steady, with sales of 4,100 bales of low middling at 35@36c. cents. The receipts for four days were 13,000 bales, against 8,700 bales for the corresponding days of last year. The Exports were 7,000 bales. Sugar and Molasses are steady and unchanged. New York Exchange par to ¼c discount. Sterling 60.

The bark Cephas Sterrett Rocklong has arrived.

Chicago Market.

CHICAGO, November 6.—Flour dull and declined 10@15c. Wheat steady at $2,21@2,22 for No 1, and $2,09 for No 2. Corn unsettled, and declined 4@5c, closing at $1,02@1,03 for No 1, and 99@$1,00 for No 2. Oats opened steady at 47@48c for No 1, and 47@48½c for No 2, and closed dull at 47@48c for No 2. Highwines steady. Provisions quiet, new mess pork, $28,00. Hogs dull, $7,50@8,50 for common to choice. Freights quiet.

Oswego Market.

OSWEGO, November 6.—Flour steady at $12,50 for No. 1. Spring, $14,00 for red winter and $15,@16,00 for double extra. Wheat dull. Corn firm and quiet. Barley quiet with a declining tendency, selling as low as 95 cents in bond for prime up lake, but no buyers. Rye quiet. Canal freights steady.

Toledo Market.

TOLEDO, Nov. 6.—Flour quiet. Wheat is lower on spring; other grades firm and unchanged; sales of new white Michigan, at $2,07@2,07½; amber, at $2,87@2,87½. No 1 spring at $2,86; extra spring, at $2,40@2,48. Corn dull and 2c lower, at $1,00@$1,07 for No. 1 mixed. Oats dull. Rye quiet.

Milwaukee Market.

MILWAUKEE, Nov. 6.—Flour dull. Wheat quiet at $2,08 for No 2. Corn $1,06 for No. 1. Oats 56c for No. 2

RIVER NEWS.

The river continues to recede steadily at this point with but scant five feet in the channel, by the marks last evening. The weather yesterday was clear and frosty, but all that could possibly be desired for out door business.

There has not been a single arrival since our last report, aside from the regular packets, and the Argosy, for Cincinnati, was the only transient departure. She had a very fair trip, including a large number of wagons for New Orleans, which will be re-shipped at Cincinnati.

The Grey Eagle, from Parkersburg, is due here this morning and will return again at noon, and the Julia, from Portsmouth, arrived and departed.

The Kate Putman, Captain J. H. Lightner, will be the first boat out for St. Louis, and passengers and shippers should bear this fact in mind.

The Armenia, Captain A. C. McCallum, is filling up slowly for New Orleans, as is also the Camelia, Captain Lytle, for Nashville. They are both good boats.

The New State, Captain Harlan, is ow in turn for Cincinnati, and she will be followed by the Nora, Captain H. H. Devinney.

There are a couple of staunch looking tow boats in process of construction at the levee, intended, we presume, for the coal trade.

The Louisville *Courier-Journal*, noticing the fact that the Quickstep contemplates extending her trips to that village, says, she is a small sized craft and seems to doubt about her being a low pressure steamer. That she is what is claimed for her, no one on either side of that diminitive place disputes, and when it comes to speed, we are of the opinion that she would be a match for any boat turned out at that point, not even excepting the famous Robert E. Lee, about which we hear so much.

The Amarillo, Shawnee and Lucia were advertised for Pittsburgh at St. Louis on Monday. The Lucia, since her return from the mountains, has been put in good repair.

The Robert E. Lee made the run from New Orleans to Red river on her last trip in seventeen hours. That included twenty-six way landings. In fact the time for making the actual running time was less than fifteen hours. The best time ever made to Red river was fourteen hours.

The Quickstep arrived at Cincinnati on Sunday, with two hundred and seventy tons of freight, and she, together with the Kenton, Importer and Amelia Poe, were advertised to leave for Pittsburgh, on Monday. The Glasgow left St. Louis on Friday last with a good trip, including three hundred tons for Pittsburgh.

We see by our Memphis exchanges, that Ezra Porter is announced as going into the Memphis and Pittsburgh trade. He is now built for the New Orleans and Red River trade.

The Vincennes Sun says that Mr. Taylor and wife and child died a few days since, on their farm near the rapids, in the lower part of this county, with, as is surmised, the disease known in this section as "Milk Sickness," Mr. T. was a well-known Wabash river pilot.

NEURALGIA.—This painful disease seems to be prevalent among our citizens of late, and by every turn in the faces may be seen in almost every direction. We have had the misfortune to be handled by the unsympathizing fingers, and can testify of a truth—it pays the penalty. (Madison Courier, 2d.

Neuralgia! Ha! ha! That's a new name for it. Red whisky and late hours will give the disease in full force. We call it "new-ralgia"—your kind.—*Louisville Democrat.*

CONSUMPTION.

Below will be found a certificate from Doctor M. Dupuy, one of our most respectable dentists, in regard to Dr. Keyser's Pectoral Syrup. The Pectoral Syrup is also an infallible cure for every form of cough and cold to which we are liable.

PITTSBURGH, June 28, 1865.

DR. KEYSER.—Dear Sir: I have for a long time been exposed to advertising other pectoral medicines, and it is with reluctance that I recommend any of them. The consideration, however, that I am doing the community a service, induces me to overcome my objections, and to publicly recommend your Pectoral Syrup. We have kept it in our family for the last three or four years, and when in use, for course, such as are produced by colds, &c., with the effects of which we are seldom troubled. During last winter our children were exposed to the infection of whooping cough, and each one of our three boys was attacked with what we believe to be that malady. We administered your Syrup liberally, and the result was that the whooping cough lasted with neither of them more than ten or twelve days. I hope others will at least take a trial of your medicine in such cases, as we have found it beneficial.

Yours, &c.,
M. DUPUY, No. 21 Wylie street.

Our son JAMES PAINTER, some three years ago was afflicted with consumption of the lungs, for which he was discharged from the army. He was examined by four army physicians who all agreed that he must die with the disease. I brought him to DR. KEYSER'S office, No. 140 Wood street, (up stairs,) who, after sounding his lungs, commenced to treat him, and cured him sound and well. He is now well and has been so for the past three years. Others afflicted in like manner can likewise be cured.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP. I live in Mount Washington, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued right along. I employed the best physicians in the country, and my cough continued unabated until the 1st of October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the cough, and have been so for the past seven of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done for my case.

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1866.

DR. KEYSER.—My wife has been afflicted with a dry cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been declared incurable by the best physicians in this city without any relief. In this state of her case I procured a bottle of your PECTORAL SYRUP. I bought the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now not the trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by one dose. I express my entire satisfaction with the article, and you are at liberty to publish this if you desire to do so.

WHOOPING COUGH.

Many persons have tested content in the belief that skin and ear diseases, however troublesome will wear out of themselves, or that no remedy will avail in effecting a cure; in this way many persons have suffered through some half dozen years, who might easily have been relieved at the onset in as many weeks. So also with regard to the ear, a prejudice has obtained that the ear is too delicate an organ to be trifled or as is often expressed, tampered with; hence hundreds have thus remained deaf with, for the greater part of a lifetime, who might have been greatly relieved, and in many instances, completely restored to their hearing, had proper assistance been timely applied for, as may readily be seen by a perusal of the following certificate. We also take occasion to remark that the testimonials coming from a source close at hand, in Allegheny City, where, upon inquiry, any one interested can satisfy themselves of its truth:

PITTSBURGH, July 28, 1864.

DEAR SIR:—I take pleasure in adding my testimony to that of others in favor of DR. KEYSER'S treatment of deafness. My son had been afflicted for five years with deafness produced from scarlet fever. At times he could not hear at all; and could only unders and as we would motion to him. His other remedies without receiving any benefit. I applied for Dr. Keyser, and under his treatment he has entirely recovered, and can now hear as well as ever he did.

To Dr. Keyser, No. 140 Penn street.

It will be observed that we have published for some time past an advertisement of Dr. George H Keyser, of 140 Wood street, Pittsburgh, Pa., in reference to Trusses and other mechanical appliances for the cure and relief of hernia, or rupture, besides various broken down conditions of the human body which are usually beyond the reach of medication. Dr. Keyser has given this branch of the business great attention for several years past, and we think we are justified in saying that he comprehends it thoroughly. The cup and ball, the spring Shoulder Braces for weak breasts, Elastic Stockings for varicose veins, Pile Props for the cure of Piles, and, in fact, every variety of mechanical appliance. Dr. Keyser is the inventor of a Truss for the radical cure of hernia or rupture, so perfect in its parts, and so comfortable to the wearer, as to elicit the admiration of all who may need such an appliance.

He has recently been in communication with some of the ablest and most experienced truss surgeons in the United States, and feels satisfied the all those who have been plagued or annoyed with ill-fitting and uncomfortable Trusses, can be accommodated by calling at his consulting rooms, No. 120 Penn street, or at his Medicine and Truss Depot, 140 Wood street. Office hours from eight to eleven A. M. and one to four P. M.
